I am very lucky to take part in the English Discoveries courses. It really helps me to improve my English proficiency.

The first one I need to thank is my teacher Kenneth Wee. He had prepared the specific lessons for me. He was always being in patience to correct my cacophony and teach me the correct pronunciation; He was so kind to explain the meaning for my unknown words and recommend me a website for words meaning; He was very good at to explain the rule of the grammars and I really benefit from it. One more thing need to say is that Kenneth had sacrificed his private time to help me because he taught me above 1.5 hours once although the arranged time is 1 hour.

I am really happy during the last 6 months, It is a wonderful and memorable experience!

Here are some of my thoughts, thank you very much.

Skype course is a kind of direct communication, which can be used for audio, video and typing, or for many people to communicate and learn at the same time, so it is a good learning medium.

Kenneth is very approachable, very optimistic, very responsible, he will remind you for skype session in advance every time, whenever you asked him, He will give you a quick feedback, and also do some innovative learning types and methods, so that his students to study better.

Usually I am busy at work, but to meet such a teacher, it is lucky ...

Best Wishes,

Hello, my name is Mikyeong Park from *Faro Technologies, Inc.*, who had taken English Discoveries Course (ED Course) from 17 July 2017 to 16 January 2018.

I am writing this to give feedback on how my trainer, *Kenneth Wee*, had done his best to give his knowledge to me during a learning period.

Kenneth Wee was my trainer and I think he had shown his full effort for me to have a better English skill.

Whenever we have a session, he had been trying to teach easily and smoothly. Whenever I have questions, he did his utmost to answer all of my questions.

His overall teaching skills are highly recommended for any new learners. I strongly recommend him for anyone new for ED Course.

He is a good trainer in deed!

Respectfully,
Carrie Park (FARO July 2017 Batch)
